DATA ANALYST AND BUSINESS INTELLIGENCE SPECIALIST

DATA ANALYSIS | INSIGHT EXTRACTION | DATA STORY TELLING

As a data analyst, I am proficient in mining and cleansing data efficiently using Python, SQL and Excel. I use statistical methods to analyze data, visualize the data with Tableau or Power BI, and tell a story to drive decision-making to a bull-run using MS power point. My analytical skills allow me to conduct deep analysis and draw meaningful insights from data.

WORK EXPERIENCE

UNIVERSAL DISTILLERIES LIMITED – *ADO ODO OTA*   JAN 2023 - PRESENT
DATA ANALYST (full-time)
After completing my contract job with the government electoral body (INEC), I was employed fully as a data analyst where I was able to get insights with data to drive decision making.

- My presences as a data analyst is always needed to give data related insights to decision making process by the stakeholders
- At the backend, I work with tools to make sure data given to me for analysis are clean and not polluted so my decision making process be accurate.
- I work with a team of other data related talents to come up with a concise analysis for decision making accuracy.

INDEPENDENT NATIONAL ELECTORAL COMMISSION – *IBADAN OYO*   DEC 2021 – NOV 2022
DATA ENTRY (contract)
Working for the government organization has me entering data to the electoral body database for the registration of voters to obtain their voters card.

- The role is a contract based for my NYSC program
- I was able to enter voters' data into the voters' database of the electoral body.
- I was able to retrieve past voters data from the database so as to have them get their lost or damaged voters card.

UNIVERSAL DISTILLERIES LIMITED – *ADE-ODO OTA*   APR 2020 – OCT 2021
REPORTING ANALYST (full-time)
My primary responsibility as a reporting analyst was to oversee the affairs of the operational activities in the factory and give a concise report to the chief project manager.

- Working with basic tools like Microsoft word and Microsoft Excel to document my reports to give to the project manager.
- I have been able to work as an oversight to make sure the welfare of factory workers are being met.

- My activities as a report analyst have been able to keep the workers working for more productivity.
